SITE SURVEY FORM - STEAM

Customer:			
Address:			
Contact Person:		Position:	
Tel No:		Fax No:	
Mobile No:		E-mail Address:	
Type of Business:			
Type of Machine / Equipment using steam:			
Material of Steam Heating Coil (if applicable)			

BOILER ROOM			
Person Talk To		Contact No	
No of Boiler (Running at same time)			
Boiler Capacity (ton/hr)			
Running Pressure (Bar / PSI)			
Max. Pressure (Bar / PSI)			
Inlet Pressure (from Feed Pump)			
Total Steam Usage per Hour (ton/hr)			
Percentage of Direct & Indirect Injection	Direct:	%	Indirect: %
Fuel Type (Diesel ; Coal ; Biomass ; LFO ; MFO etc)		Fuel Consume/month (liter /m3 / kg / ton)	
Fuel Cost/month (USD)		Fuel Cost/year (USD)	
Make up Water/day (ton / m ³)		Make up Water/month (ton / m3)	
Type of Condensate Recovery Unit (closed loop / open type)		Manufacturer / Model no.	
Setting Pressure for Return Condensate			
Production Running Hours & Working Days			
Production Output per day in ton/m ² , pcs, units, etc			
Steam Header Temperature			

STEAM TRAP INFO																
Steam Trap Connection	THREADED					FLANGED					WELDED					
	1/2"	3/4"	1"	1.5"	2"	1/2"	3/4"	1"	1.5"	2"	1/2"	3/4"	1"	1.5"	2"	
Steam Trap Size																
Quantity at Boiler Room																
Quantity at Steam Main Distribution Line																
Quantity at Factory / Production Line																
Last date steam traps were changed / how old is the existing steam traps																
Boiler Feed Pump Temp (°C)											Feed Water Tank Temp (°C) :
